**TAKE IT
TO THE
BANQUETTE**

*Gather round the table on the friendliest
of seating arrangements*

Most designers agree, a banquette is a great option when space is limited, but bench seating can also be a major style statement. From beautiful textiles to interior storage, let the banquette be the spot for cozy meals, game nights and family fun.

PROJECT LOCATION: Fort Worth, TX **DESIGN DETAILS:** We wanted a space that felt cozy, eclectic, and multifunctional: a place to gather, eat, sleep and lounge, all within less than 200 square feet of space! We created the look of a banquette with a custom ash bench with curved, pill-shaped ends and a beautifully delicate back rail. It feels like a banquette, but it isn't too visually dominating for the space. **BREAKFAST, LUNCH OR BRUNCH?** Brunch: homemade bread with French butter and thick-cut bacon.
